SURF CULTURE, MINI STYLE

Milan may be all about furniture and lighting, but global brands such as Adidas and Veuve Clicquot jump at the chance of a few hundred thousand visitors and heaps of press to show off their links to cutting-edge design. **Mini** and **Airstream** joined forces with Scandinavian furniture icon **Fritz Hansen** to present the ultimate touring machine: a Mini Cooper S Clubman with neoprene 'wetsuit' accents, pulling a 6.5-metre Airstream trailer with a waterproof interior. minispace.com

Check out her Gothic fairytale weirdness at nikazupanc.com. All-female Swedish foursome **Front** showed a variety of styles, from the minimalism of their 'Black and White' collection for **Porro** to their quirky 'Bookshelf' pieces for **Skitsch**.
